

Christmas Services At Saint Ambrose

Choir Renders Special Music at all Services

There were good congregations and hearty services both on Christmas Day and the Sunday following when the festival was continued. The special music was well rendered by a full choir, and all the old favourite hymns were sung with enthusiasm: on Sunday evening an especially fine choir of the worship, and carols at the close included a quartette, "Sleep, Holy Babe," The offerings on Christmas Day were given to the thanksgiving those who contributed for their kind remembrance.

Expect Legislation To Meet in February

Premier to Confer on Railways and the Resources

The next and final session of the Alberta legislature will be called to meet, it is expected, about the first of February. Premier Brownlee, on being asked what the prospects for the session are at the present time, said that it is doubtful if the house can meet in January and that the first of February date is much more likely. He is himself about to go east for conferences on the resources and railway questions on both of which the government is desirous of having definite statements to make to the legislature. After his return there will be a full program of pre-session proposition to be carried out, and it is expected, therefore, more than probable that it will be into the first week of February before the house will meet.

Rumor Says Gardiner Stated for Cabinet

Report, However, is not Credited at the Capital

Charles Hildrop, Ottawa, parliamentary correspondent says that a rumor in the capital, lacking in confirmation, says that Robert Gardiner, Progressive member for Acadia, is asked for the post of minister of immigration in the King cabinet. Political circles are not much inclined to credit the above rumors as Robert Gardiner has always been looked at upon as one of the "outsiders" of the Alberta "Ginger Group."

B. C. LIQUOR BUSINESS IS NOW GROWING

Profits from British Columbia's government liquor business are growing steadily now, after a rather dry eighteen months ago, official figures issued by the finance department indicate. The profits for the six months period ending September 30 are \$1,551,956 as against \$1,493,731 for the previous six months period and \$1,292,846 for the same period prior to that.

STILL LOOKING FOR A WIFE AND THE PRINCE

British society is again speculating as to whether a possible bride has finally been found for the Prince of Wales. The speculation follows an announcement that the Prince's lady-in-waiting, the Countess of Sutherland, who is immensely popular with King George and Queen Mary, is to be a guest at Buckingham Palace during the period of court mourning for Dussan Queen Alexandra end.

B. C. COMMITTEE TO SETTLE UNION QUESTIONS

Announcement of a committee of 10 British Columbia churchmen to settle outstanding difficulties in the way of church union in this province, was announced by Premier Brownlee yesterday following the passage of the necessary order in council. The committee will supervise the distribution of Presbyterian church property between the Congregations which favor church union by vote and those which oppose union. Seven members will constitute a quorum of the committee.

After the worst autumn in years Alberta is now enjoying an ideal winter. The weather is just what we have a way of enjoying things up.

Hold Conference for World Wheat Pool

Conference Will Be Held in St. Paul February 16th

The conference of co-operative marketing associations, which was initiated by the Canadian Wheat Pools and was first, set for November 19, at Regina, Sask., and postponed, will be held in St. Paul, Minn., February 16, according to word received at Winnipeg yesterday. Four countries will be represented—Canada, United States, Argentina, Australia, Great Britain and a delegate. It has been intimated that at this conference a move will be made to organize a world-wide wheat marketing association. It is understood that the Canadian Wheat Pools have been making a thorough investigation into the marketing situation in various countries and the results of the study will be placed before the conference. Reports are also that the North Dakota Wheat Growers' Association will be largely represented at the conference, as well as the three Canadian prairie wheat pools.

Alberta and B.C. Have Interests in Common

So Says Premier Brownlee on Leaving Pacific Coast

Premier Brownlee and Hon. Alex Ross, minister of public works, have returned to Edmonton after spending a week in Victoria and Vancouver, where they were accompanied by several prominent business men with members of the B.C. government. Both British Columbia and Alberta have general trade and export trade interests in common, and being essentially an economic unit, must work together on a unified policy, Premier Brownlee said, just before leaving for home. He said the greatest joint problem of the two western provinces is the development and utilization of the Pacific coast outlet for western Canada.

St. Ambrose S. S. Holds Christmas Tree

Santa Claus Pays Visit to Anxious Children

This annual event took place in the Parish hall on Wednesday evening when there was a large gathering of scholars, parents and friends. The tree was at 5:30, after which various games were indulged in till 8, when a few songs and recitations were contributed by the children. Santa Claus appeared, yes, he came in his traditional garb, and distributed the prizes awarded for diligence during the year, the usual bag of candy was likewise distributed. At the close of the proceedings cheers were given for Santa Claus, and the Vicar wished all present a Happy New Year, remarking that the Sunday School was doing well and that superintendent and teachers had to be congratulated on the year's work. Our hearty thanks to all who sent sandwiches, cake, etc., and otherwise helped forward the evening's enjoyment.

Railways Join to Cut Down Expenses

Canadian Railways Work Together With This Aim

An important step in the direction of economy for the Canadian National and Canadian Pacific Railways, by the needless and costly duplication of train service, was announced by Mr. H. G. P. Graham, Minister of Railways and Canals, who stated that, according to communications last received from Sir Henry Thornton and E. W. Beatty C.K., the traffic and operating officials of the two railways have constituted themselves into a joint permanent committee, to deal in a fair and broad way with all questions of competitive service, and to encourage and preserve at the same time efficiency.

Already the Canadian National has moved its express trains in Ontario and other parts that are found to be a financial burden upon the taxpayers. The latest time tables also show a number of eliminations and it is estimated that the annual savings through this forward movement of train schedules will mean about \$500,000 to the Canadian taxpayer.

CONSERVATIVES WILL MOVE AN AMENDMENT

While no definite decision will be arrived at until the Conservative members hold their caucus in Ottawa on January 7th, it is generally believed in well-informed circles that an amendment to the address in reply to the speech from the throne will be moved by the Conservatives early in the debate.

The Bolsheviks and Communists are fighting among themselves in Russia. Evidently the millennium has not come in that country, even though held in well-informed circles that no one can believe it had.

ST. AMBROSE CHURCH ST. PETER'S CHURCH

The Epiphany
The Church on Wednesday next commemorates the Epiphany or Manifestation of Christ to the Gentiles represented by the Wise Men who came from the east to worship the Baby King at Bethlehem. This is one of the most ancient festivals of the Church and should be observed better than in commonly the case. Will Anglicans kindly note the services on that day? The lantern lecture on the 5th may reckoned as an Epiphany function, and appropriate carols will be sung on that occasion. Admission will be free but there will be a collection at the close.

J. W. A. Social
The members of the Junior W. A. are giving a Social evening at the Parish hall on Thursday next on old-fashioned Christmas lines. One of the features will be a competition in which a prize will be offered for guessing the titles of well-known persons. All are invited to take part. There will also be games, country dances, etc. Admission 25 cents.

Look out for particulars of Mrs. Cooper's concert, on January 13, next week. Friends from Medicine Hat will contribute vocal and instrumental music and a good programme will be arranged.

GORDON MEMORIAL UNITED CHURCH

On Sunday morning, December 30, Rev. Andrew Henderson, D.D., of Vancouver, B.C., who is visiting his brother, Mr. Wm. Henderson, preaching a stirring and eloquent sermon in Gordon Memorial church. The Doctor's theme was "Christmas Commemorations" and though a few days before the year of Redcliff's Grand Old Man, he retains the vision and vigor of youth. His message was gratefully appreciated by the congregation. Dr. Henderson will be in town until Monday, Jan. 4th, and will be the preacher at the service next Sunday evening.

The annual congregational meeting will be held on Wednesday evening, Jan. 13th. Reports will be received from all the organizations of the congregation.

The regular quarterly communion service will be held on Sunday morning, January 16th.

The Women's Missionary Society held its annual business meeting on Wednesday afternoon. The year closed with a membership of eleven and some helpful suggestions were removed since last annual meeting. The Society contributed during the year \$725.41 to the various societies. They were thanked for their devoted services. Then the following new officers were elected: Pres., Mrs. Matheson; Vice Pres., Mrs. Woodcock; Sec'y, Mrs. Storch; Treas., Mrs. Collard; Home Helpers' Sec'y, Mrs. Thatcher. Literature Sec'y, Mrs. McElroy.

Twenty seven C.G.T. members attended the regular meeting of the organization on Tuesday evening. Mrs. Matheson gave an interesting collection of cards from India and also read an instructive paper championing Christianity with non-Christian religions.

At a meeting of the Ladies Aid of Gordon Memorial held on December 17th, the following officers were elected for the ensuing year.
Honorary President—Mrs. Woodcock.
President—Mrs. Champ.
1st Vice Pres.—Mrs. Learmonth.
2nd Vice Pres.—Mrs. J. Stratton.
Secretary—Mrs. Collard.
Treasurer—Mrs. Kitchen.
Social Committee—Conover, Mrs. Matheson, and Mrs. Blaine and Mrs. Thatcher.
Work Committee—Chairman, Mrs. G. Thomson.
Visiting and Flower Committee—Mrs. Learmonth.

Possible Changes In Alberta Cabinet

May Mean Addition of One or More Ministers

Changes in the Alberta cabinet are in the air, but not just yet, says the Edmonton Journal, who quotes Mr. Brownlee as its authority. When asked if he will be doing anything in the way of reorganization, Mr. Brownlee said he is considering the matter but had no definite plan ready for announcement. The cabinet as at present constituted will carry on temporarily, he said and he does not expect that any changes will be made or announced until some time in February.

That something will be done before the government goes to the country in a general election is, however, practically certain. Mr. Brownlee intimated that he has some changes in view that will increase the strength and efficiency of the cabinet, and that these changes will include the addition of one or more new ministers.

WANT NEW CALENDAR WITH 13 MONTHS

The movement for drastic change in the world's calendar is steadily progressing, according to the promoters of the scheme. According to this new calendar there will be 13 months each year, each month to have 28 days.

The one extra day a year is to be added at the end of the last month of each year, and will be known as Leap Day. The advantages claimed for the new calendar are:

All months would be equal, having exactly the same recurring 28 days. Both day and date would always be the same, and much confusion would be avoided.

The complete four weeks would occur quarterly all months, giving weekly wages to monthly rents and accounts.

THE WHEAT MARKET

The "bells" and "bears" fought for possession of the wheat market in Winnipeg yesterday, but little progress was made by either side until noon, when prices began to slump sharply. The close was about 14¢ below Tuesday at 1884 for Dec. 16, 1926, and 1884 for Jan. 1, 1927.

The market was erratic and only for the early strength shown in Chicago would have worked to lower levels.

C. N. R. IS READY TO SHIP ALBERTA COAL

The Canadian National Railways is prepared to commence the movement of the coal which is the mainstay of the 25,000 tons agreed upon in the summer at the \$7 a ton freight rate, Sir Henry Thornton, president of the C.N.R., has informed the Ontario government in reply to communications on the matter.

AUSTRALIAN WHEAT LESS THAN LAST YEAR

The Daily Telegraph's correspondent in Sydney, Australia, cables that the anticipated exportable wheat surplus of Australia will be 80,000,000 bushels, or 160,000,000 bushels, less than the quantity exported after the last harvest.

TO CONTINUE DOMINION COMMAND FOR PRESENT

The Dominion command offices of the G. W. V. A. and the Veterans' Adjustment Service Bureau at Ottawa will be continued in operation with the personnel until the new unit organization is prepared to assume direction.

This decision was reached at a meeting of the Dominion executive of the association presided over by the Hon. J. G. Thompson, president of the Dominion, Lt. General Sir Richard Turner, V.C. last yesterday.

The Wayne strike, which has lasted for 3 weeks, came to an end last week when the men at all the mines decided to go back to work. The operators have arranged to respond to the men. The same rate of wages will apply as was in effect before the strike occurred.

Illustrated Address At Gordon Memorial

Told the Story of the Other Wise Man

The story of the other wise man, illustrated by forty beautiful pictures, was a feature of the entertainment in Gordon Memorial on Wednesday evening. The story itself so truly represents life, that the picture years cause it to lose none of its charm. Several have more beautiful pictures been shown on any screen than those which interpret the story. This story will be told again under the auspices of the A. Y. P. A. of St. Ambrose Church within the next few days. Don't miss it.

Other numbers of the program on Wednesday evening were short addresses by Dr. A. Henderson, A. Saults Clause Party, Trio, "Away Down Yonder," the Miss Margaret Song, Eva Young, and the "Bells and Bears" by Pina Sola, Miss Mary Sellhorn and Alvina MacLean.

Says Cattle Duty Should Be Stopped

It Raises Prices but Ranchers Do Not Benefit

The present United States tariff duties on cattle and beef were described as "a tax on the industry and the consuming public," by Dr. L. R. Edmundson, of the Institute of Economics, Washington, at a conference on the tariff question, called by the People's Reconstruction League.

Beef and cattle imports now slightly exceed exports, he declared, predicting tariff duties soon will have some effect on domestic prices.

"The time has arrived, therefore," he continued, "when we should do definitely decide whether to endeavor to attract more capital into the industry, or to have the tariff withdrawn through tariff, or whether to permit consumers to draw freely upon foreign sources for their increasing food needs."

GARNEY WHEAT WILL MEAN DEVELOPMENT NORTH

That through the development of Garney wheat it would be necessary to push Canadian railway lines north of their present location, was the statement made by Chairman H. A. McKewen, of the Board of Railway Commissioners, at the annual conference of provincial governments. This new wheat, which has been found to ripen much earlier than Marquis, which is now generally grown all over the Prairie Provinces.

ALBERTA POULTRY POOL NOW IN OPERATION

A poultry pool is now in operation in Alberta, the first of its kind in the Alberta Poultry Producers' Limited. Poultry products will be marketed through the provincial government's marketing service, which has offices in Edmonton, Calgary and Lethbridge.

ACREAGE IN CORN IS ON THE INCREASE

Recent assessments of corn growers at the provincial exhibition held at Lethbridge, amply prove the suitability of this district for corn growing. The acreage devoted to the corn crop in Alberta has made great strides in recent years. In 1919 only 900 acres in Alberta were planted to corn. In the following year the acreage increased to 7,000 in 1922 to 15,600, in 1923 to 23,500, and last year to 68,000.

WHEAT JUMPS FIVE CENTS IN WINNIPEG MONDAY

Advances in the Chicago pit, while Winnipeg traders were on holiday, and higher Liverpool cables combined to give the Winnipeg market a lift. The wheat market in Winnipeg again last Monday and prices early in the session climbed to a record of more than seven cents above the previous close. Quotations, however, slumped during the closing hour when "longs" commenced to take profit. Final figures showed a gain ranging from 2 1/2 to 5 1/2¢ higher at 100¢ in December, 16 1/2¢ in May, and 16 1/2¢ in July.

A War Of Extermination

Despite the fact that the statement of the great European nations, and the League of Nations, are earnestly striving to bring about understandings and conditions which will have the effect of preventing future wars, we nevertheless find it impossible to see that the nations will be able to prevent the war.

The "next war" is a matter of fact now being waged. It has been in progress for some time and is increasing in intensity. The fact of being a war between man and man. It is a war of extermination between man and insects. Man has won victories in certain sectors of the battle line which extends round the world, although, in the language of the late Great War, he has not yet been successful in fully consolidating his position, thus making it a victory secure and lasting. In other sectors, the insects still have the upper hand and seem to be advancing.

This battle between man and the insects is not spectacular but it is a strenuous and extremely costly one fought with grave possibilities if there is any slackening in man's constant vigilance and complete victory is obtained.

In the Canadian House of Commons last session, Hon. W. B. Motherwell, minister of agriculture, made a statement regarding the offensive being waged under the direction of that department against crop destroying insects in Canada when he was talking for an increased expenditure for this work, notwithstanding the general policy of economy rather than increasing expenditures and extending the scope of public services.

Addressing the House of Commons a few days ago, Dr. Arthur Gibson, chief of the entomological branch of the Department of Agriculture, stated that from 10 to 25 percent of every crop grown is destroyed by insects, while millions of dollars worth of property was destroyed from the same cause. It is estimated that the loss of insect damage to the cotton crop of the United States to the extent of \$200,000,000 each and every year, and it has been suggested that this figure may be in line with the cotton growing industry of that country.

The boll, or embryo, which affects cotton, causes a loss in Great Britain alone of from \$1,000,000 to \$25,000,000 annually.

Here in the West we know by bitter experience what the harm and the threat to the grain crops, and how many a promising field has been ruined by them.

But it is not in relation to crops and cattle alone that insects are waging war on mankind. Until comparatively recent years, one-half the human death rate of the world each year was due to malaria, transmitted from person to person by the mosquito. For more than a score of years the mosquito held up the construction of the Panama Canal. Between 1881 and 1889 twenty-two thousand laborers on canal construction died of malaria or yellow fever, and the failure of successive canal companies was due to the mosquito, and it was not until the United States engineers studied and fought the mosquito that the canal was finally constructed.

The Rockefeller Foundation has provided millions of dollars for a campaign against the bookworm.

But if this war against insects is so intense it must not be left solely to Governments, scientific bodies and interested experts. As in the Great War, the whole nation must be mobilized for victory.

The education issue is a much more dangerous enemy of man than even yet, notwithstanding all the educational work that has been done, the average person is "average." If typhoid, diphtheria and other diseases are to be wiped out, the ill-health and disease which must be first exterminated, and "average" should not be regarded merely as a passing fad, or an annual diversion, but as a really serious business in every Canadian home.

Government experts have compiled much valuable information against insects—those which should be fought and destroyed and those which are allies to man. It remains for the individual citizen to apply that knowledge and co-operate with the Government departments of health and agriculture in eradicating the harmful outcome of which depends human lives and countless millions of dollars annually.

100-Story Buildings

The American City of 100 A.D. will have buildings 10 or more stories in height, with landing stages for aircraft, and the streets will be ten or twelve levels to relieve traffic congestion. This is the conception of the future metropolis, masterfully planned by artists and architects who will exhibit their pictorial propensities as one of the features of the American Institute of Steel Construction.

Definite Goal of Remembrance

The seventh anniversary of the end of the Great War was commemorated in Halifax by a service of special significance in the Cathedral of All Saints, marked by the dedication of the Book of Remembrance, a beautiful specimen of skilled workmanship epitomizing the nation, by far as the women of the province of Nova Scotia who fell in the Great War.

Blainville hockey team will play a game in Medicine Hat on New Year's afternoon.

Extremely cold weather was experienced over the whole North American continent last week.

Mr. and Mrs. Archie McKeller, of Brooks, spent Christmas in town with Mrs. McKeller's mother, Mrs. McKay.

Red Bird, who came last north of town, is at present in the Medicine Hat hospital suffering from serious internal troubles.

Among the church notices of an exchange the following appeared: Service at 7:30, subject "Is Love a Sin?" Anthem: "O Taste and See."

C. S. Pingley's new friends in and around Redcliff will be glad to learn that he is now gradually improving from his recent serious illness.

It now looks as though Peter Smith the one time treasurer of Ontario, is not going to get out of prison on parole.

The dominion parliament is called to meet on Jan. 7th. It promises to be one of the most interesting sessions ever held.

J. L. Wright, our popular literary drayman, has been confined to the house for the past few days suffering from a severe cold. We are glad to report he is considerably improved today.

The beautiful doll bride which has been on exhibition in Dr. Ker's confectionery store for the past week, was one by Rex N. Rose. "Hilda" was the lucky name which won the bride.

Christmas Day passed off very nicely and was fittingly observed in our homes and churches. The weather was ideal for the occasion. Just enough snow and frost to make it look and feel like Christmas.

Mr. and Mrs. W. Czek of Brooks spent the Christmas holidays in town visiting with Mr. and Mrs. John Bullock. Miss Margaret Bullock accompanied them back to Brooks and will remain with them for a few days.

Officers and members of the First Alberta Mounted Rifles will parade to St. Barnabas church, in Medicine Hat next Sunday. On this occasion the flag recently presented to this unit will be deposited in the church. All members of the old and C.M.R. are requested to be in attendance.

One Indian near Maple Creek died Christmas day, and his "squaw" was taken to the hospital as a result of an overdose of wood alcohol which they secured from a storekeeper in Pelly. The storekeeper is now under arrest.

This appears to be a bad time for the Smiths. Peter, ex-provincial treasurer of Ontario, is now in prison. Geo. P., former minister of education in Alberta, is in trial and death, and another Smith is in the B. C. Courts. Our own W. Cunningham appears to be the only one in public life who is walking the straight and narrow.

The Review wishes to thank Mr. and Mrs. E. D. Schram of Manteno, California, for a very nice box of candied oranges blossoms sent to us from their southern home. They were the real blossoms picked from the trees and although candied they still maintained their real color. They are very beautiful both to look at and to eat.

Miss Spedden is spending this week in Taber visiting friends.

Cattle shipments from Canada to Great Britain have increased about 50 percent during the past year.

R. N. Rose was in town yesterday making arrangements to move his family to town for the balance of the winter.

Jack McFadden drew the lucky number for the radio set put up by Wilfrid Campeau. It is a good radio and Jack is now having it set up in his home.

An exceptionally large amount of mail was handled at the local post office during the Christmas season and it was all delivered in good time.

Red Rose left town this morning with his bride which he won at Klondike. Rex says if his family is going to spend the winter in town he wants some company on the ranch.

While European countries are experiencing suffering and damage from floods, and most sections on this continent are in the grip of an extremely cold wave, this section of the globe is enjoying that brand of clear, bright days for which sunny Southern Alberta is noted.

There was a good turnout of citizens from Redcliff to the joint installation ceremony held in Medicine Hat this Monday afternoon and evening. All the newly elected officers were in their places to be installed. A feature of the evening session was the presentation of a D.P.M. jewel to A. J. Learmonth, I.P.M. of Quarry Lodge. The presentation was made by Mr. Wm. Henderson, Quarry Lodge's venerable and loved brother, who, on all occasions, performed that duty in a manner which left a profound impression on all present.

Messrs. W. Jackson and G. Richardson of Medicine Hat, were business visitors in town yesterday.

Clyde Warner, who recently purchased the Broadway Dept. store here left early last week for Los Angeles where he is spending the week with his family. He will return after the festive season.

Sandy Watson was in town yesterday conducting an auction sale of household furniture. Sandy made a good auctioneer and secured good prices.

Word was received this week from Art Chapman, a one time resident of this town, but now of Seattle, stating that his infant son had died suddenly and that his wife was also in a serious condition.

ERICKSON-BERGIST

A quiet but very pretty wedding was celebrated at the home of the bride's mother, 1022 Premier St., Medicine Hat, on Thursday, Dec. 24, at 2 o'clock in the afternoon, when Miss Myrtle Olive Fergat was united in marriage to Mr. Edric R. Bergist of Alderton. Rev. E. N. Matheson of Gordon Memorial Church, Redcliff, officiated. After a short honeymoon trip the happy young couple will establish their new home in Redcliff.

Here and There

During the twelve months ended October 31st, 1925, Canada exported to 53 countries and colonies 52,093 cars valued at \$25,168,859 and trucks valued at \$2,010,000 and also auto parts worth \$5,573,575. Automobile exports during the corresponding period 1924 totalled 45,104 cars valued at \$21,100,000.

A total of 16,841 acres was planted to tobacco in Ontario in 1925, yielding 30,623,000 pounds according to figures issued by the Federal Government. In 1924, 15,272 acres were planted, yielding 12,135,000 pounds. In 1925 the average yield per acre was 1,150 pounds as compared with 814 pounds per acre last year.

Branch office of Japanese flour mills are to be established in Winnipeg soon. It is understood, so as to be in a good position to buy wheat. Two representatives of the Mislin Flour Mills and Mislin Grain Company, of Tokyo, were in Winnipeg recently making arrangements for the purchase of 100,000 tons of wheat for the two firms.

Ernest Rolph, a Toronto architect, has claims to the discovery of the first fossilized remains of eggs of prehistoric reptiles. He found them in a deep cutting between Lethbridge and Medford in the shape of about 15 perfectly round stones. The eggs measure 2 1/2 inches in diameter and are now being investigated by Professor Parks of Toronto.

In order to create a better understanding of the game in an all-star team of English badminton champions arrived in Saint John, N.B., recently, and made a tour right across the Dominion, including the Canadian Pacific line, playing exhibition games in the largest cities. Sir George Thomas, Bart., is captain of the team which sails for home on December 30.

M. U. Bates, who operates a chain of camps in the Matagorda district of Ontario, reported to the tourist department of the Canadian Pacific Railway that the record for the 1925 season was fourteen musk, two deer and one bear, taken by ten parties of fall hunters totaling 22 persons. Most of the visitors were satisfied as 16 percent of them made reservations for next year.

A price of \$1,000 weekly, offered by a Chicago publication for a deed of bravery, comes to Canada for the first time. J. B. Partridge, fireman on the Canadian Pacific Railway, on the run between Calgary, Alta., and Field, B.C., is to receive the reward for saving the lives of five men who were in danger from a huge rock and mud slide on the Field Hill, August 21 last.

Canadian roses grown at Brampston, Ontario, and sent to Sir George McLaren Brown, European general manager of the Canadian Pacific Railway, stationed in London, scored a decided hit with Londoners. Large crowds gathered to see the Canadian blooms which were on display in the windows of the office of the Canadian Pacific Railway in Trafalgar Square.

Christmas holiday passenger traffic to the British Isles was especially heavy this season on Canadian Pacific Railway lines. Over 1,200 passed over those lines in the last two weeks of November, while others arrived later in time to get the S.S. Melita and the S.S. Metagama which sailed from Saint John, N.B., on December 10 and 11. West-bound air steam to be to very good financial circumstances owing to the good crops the past season.
